Code buddy log:

During the coding progress, me and my partner became “code buddy”, and sent email for checking in each other. The email implements; what we did, and what we will do. The following screenshots are actual emails.

to me, John ▾

1. Try very hard to finish revising my G.U.I.
2. Perhaps start re-doing my class diagrams.

That is a great progress. Whatever I have finished is;

1. Finished half revision for criterion B.
2. Finished GUI.
3. Finished half of UML diagrams.

What I completed today in class:

1. "My Hotels Inputs" panel
2. "My Flights Inputs" panel

What I want to challenge myself to complete in next class:

1. "Past Hotels Info. Exploration" panel
2. "Past Flights Info. Exploration" panel

Best of luck to you.
