Result What about a hot?

also include option to instantly show solution.

both edit and create?

make this more clear

Name

Types of Timed Condition Entirety Individual None

Number of Questions

Amount of Time min./hour/second?

five should be max ← Number of Choices (you often 7)

Choices Style a., b., c., d., ... 1., 2., 3., 4., ...

good

Do you want to swap choices? Yes
make this clearer

Initial Score

Correct Answer Score

Incorrect Answer Deduction

I like these as some test deduct points for incorrect answer
