Summary:
- How does the program help efficiency at work , specifically summarizing insurance policies?
- It improved the speed a lot because workers can now do multiple policies summarization in five minutes.
- How does it exactly improve speed?
- We could just copy and paste the scanned policy and it will do everything for us.
- How could it be improved?
- Tables exporting to excel could be in the same sheet so it is easier to organize.
- The styles of the table exported to excel could be improved, specifically the color coding and fonts size.
